

Cockburn's

White Heights Port

TASTING NOTE

Fresh tropical fruit flavours such as papaya and pineapple lead the way, supported by light aromas of honeysuckle. Crisp yellow plum and pear notes finish with a touch of vanilla.

VINIFICATION

New Cockburn's generation inspired winemakers to craft experimental ports from highest-grade lots. Fresh, lively Ports that shine solo or mixed. Unrestricted excellence. Once deemed impossible, White Heights proves otherwise. Fragrant, slightly drier white port from high altitude vineyards. Ideal for mixing or sipping.
