Vegans, Vegetarians SUITABLE FOR

Natural Cork **CLOSURE**

ΡН 3.8

TOTAL ACIDITY 5.96g/l Tartaric

RESIDUAL SUGAR 4.29q/l SKU B1956121

TASTING NOTE

Rich Cabernet Sauvignon, brimming with blackberries and blackcurrants, all given piquancy by a whiff of fresh black pepper.

VITICULTURE

Rocky soils, Andes irrigation, extreme thermal shifts (22°C), dry climate, and ample sunshine define our terroir. With minimal rainfall, cold nights, and hot days, our wines exhibit intense colour, aroma, and flavour with a distinctive fruity character.

VINIFICATION

Manual harvest in 18kg bins, pre-fermentation maceration at 8°C in stainless steel tanks. Use of both native & selected yeasts for the fermentation process, followed by a 30-day post-fermentation maceration. Malolactic fermentation with oak contact, 70% aged 12 months in oak (70% American, 30% French), 30% in stainless steel.

FOOD MATCHING

Ideal with grilled beef dishes and game meat. Slow-cooked stews from all corners of the world would pair exceptionally.
