

La Cadence

La Cadence Rouge 2024

RED STILL WINE

FRANCE

VIN DE FRANCE

SUITABLE
FOR VEGANS

TASTING NOTE

A bright cherry red colour packed with red berry aromas and hint of nutmeg. The palate is full-bodied and fruity.

VINEYARD

France is one of the most important wine growing nations in the world. The heart of its viticultural heritage is the concept of “Terroir”. The term describes how a grape variety expresses itself in terms of flavour, aromas and colour, when the vines are grown in ideal conditions (wellsuited soils, winds, temperatures...). The vintner’s winemaking skills also play an important role. France offers a fascinating diversity of Terroirs like no other country.

VITICULTURE

Conventional viticulture, HVE 3.
