

# Warner's Elderflower Infused Gin 70cl

**Country:** Great Britain

**Region:** Northamptonshire

**Producer Note:**

The magic begins in a 200 year old converted barn on Tom's farm in the village of Harrington, Northamptonshire, with 'Curiosity' a 500 litre copper still which was specially made for them by Arnold Holstein in Markdorf, Germany. Using pure, natural spring water, grain spirit, home-grown elderflower, plus ten other secret botanicals, over 7 hours Curiosity transforms them into a fantastically smooth and aromatic dry gin. There are just 700 bottles per batch, every single bottle is carefully made, filled, labelled and sealed by Tom and Sion.

**Tasting Note:**

Elderflower adds a smooth, complex & robust undertone to the aromas of Harrington Dry Gin.

**Unique Selling Point:**

Local elderflowers infused in the smooth, complex Harrington Dry Gin add the aromas of summer.
